25X1

[redacted] 20 June 1949

1. Tank, artillery and infantry units totaling three thousand to four thousand troops were located in the main camp of the ZEITHAIN (N 52/E 81) troop training grounds on 20 June 1949. The troops concerned came from military posts in the areas of RIESA (N 52/E 81) and OSCHATZ (N 52/E 71).
2. A high unit headquarters from OSCHATZ was billeted in a small camp southeast of the RR station of JAKOBSTHAL (N 52/E 82).
3. About fifty flatcars were standing at the freight station of RIESA and an equal number at the RR station of RÖDERRAU (N 52/E 81). About twenty-five flatcars were at the RR station of SELHAUSEN (N 52/E 81).

4. [redacted] Comment:

a. According to previous information, component units of the 9th Tank Div have been practicing at the ZEITHAIN troop training grounds since mid-April 1949.

b. The "high unit headquarters" observed near the JAKOBSTHAL RR station is assumed to have been a regimental headquarters of the 9th Tank Div (possibly the Hq of the 23rd Tank Regt?).

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
